

DIRECTIONS FOR USE:

Agitate contents well before use.

Rates depend largely on animal numbers and effluent system condition.

Dairies

Minimum daily application rate: 500 ml (50 cows or less)

Minimum charge rate: 20 litres (pond less than 3000 cubic metres)

Daily Rate		
Cow No	Liquid Pond	Heavy Crust
50 plus	7 ml/cow/day	10 ml/cow/day

Initial Charge		
Pond Size	Liquid Pond	Heavy Crust
3,000 m ³	45 litres	70 litres
5,600 m ³	60 litres	100 litres
12,000 m ³	120 litres	220 litres
22,500 m ³	220 litres	420 litres

Spray out grass cover before initial charge. Dilute 1:20 – 1:40 with water before carrying out initial charge. Inject into water body rather than spray onto crust.

Other Enterprises

Consult your BioAg Sales Representative.

Note: The rates suggested above should be used as a guide only. Each farmer's climatic conditions, water quality and farming practices may differ and thus require alterations to these rates to achieve optimal results.

ANALYSIS: Please contact BioAg for a complete product analysis.

CAUTION: DO NOT SWALLOW, KEEP AWAY FROM EYES

KEEP OUT OF REACH OF CHILDREN

Digest-it™

EFFLUENT DIGESTER

Manufacturer:

BioAg Pty Ltd.
24-26 Twynam Street
Narrandera NSW 2700
AUSTRALIA
ABN 58 086 880 211

Ph: +61 2 69589911

Fax: +61 2 69599922

www.bioag.com.au

Produced by aerobic fermentation, Digest-it™ is a potent and complex source of minerals, proteins, carbohydrates and amino acids. Digest-it™ assists in aerobic digestion of many types of effluent in a moist environment. Digest-it™ provides a rich source of microbial metabolites.

INGREDIENTS: Water, molasses, raw sugar, seaweed, vermicast extract

STORAGE: The product has a shelf life of 18 months if stored below 30°C. Store all containers out of sunlight to preserve product integrity.

DISPOSAL: Triple or (preferably) pressure rinse into treated water. Containers should be taken after cleaning to an approved collection centre for recycling or disposal. Empty containers should not be burned.

CONDITIONS OF SALE:

1. The product has a limited shelf life and must be stored in accordance with the storage and handling directions to preserve shelf life. Failure to store correctly or use after the expiry of shelf life is a breach of the conditions of sale. As BioAg cannot exercise control over storage, handling, and the exercise of personal judgment, skill and expertise in the mixing, application or use, or weather, or animal condition before, during or after application, all of which may affect the performance of the product, BioAg, to the maximum extent permitted by law, will not accept any liability for any failure in performance of the product, or any losses or damages whatsoever.
2. Except as expressly provided in these Conditions of Sale, no warranty, condition, undertaking or term, express or implied, statutory or otherwise, as to the quality or fitness for purpose of the goods is given or assumed by BioAg and all such conditions, warranties and liabilities (including liability as to negligence) express or implied relating to the goods are hereby excluded to the extent permitted by law.
